COMPONENT

DESCRIPTION

AVAILABLE MATERIALS / FINISHES

DRAWER INSERTS

Utensil tray

Utensil Tray and Dividing System
Organizational accessories are designed to fit precisely within drawers. These accessories can be ordered individually based on your needs.

The drawer components are made of stainless steel with plastic fittings

Dividing system

Rail unit organizer

Rail Unit Organizer
The rail unit can be adjusted to accommodate a range of storage requirements.

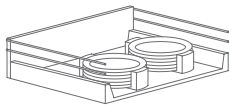

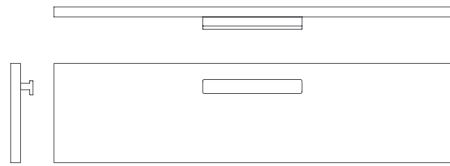

Plate organizer

Plate Organizers
Organizational accessories like these removable plate holders are designed to optimize storage. They are expandable so they can fit bowls to large dinner plates.

PULL OPTIONS

Viola Park Pulls are precision machined from solid aluminum. They have a clear anodized finish that hardens the aluminum, protecting them from scratching and wear, and maintaining the pull's luster.
